WELCOME

to the FMVA STUDIO CRAWL

The members of Fargo Moorhead Visual Artists welcome you to our 16th annual Studio Crawl. Whether it's your first time or you're a veteran attendee, there is always something new to experience from the area's evolving artists.

The Studio Crawl is a one of a kind, special event because artists invite you into their studios where the "magic" of the creative process happens. The doors are open to all—take a closer look, experience the creative process, and ask questions.

Browse through this brochure and you will find a talented, diverse mix of both emerging and established visual artists. They participate because they believe in the value of engaging the public and making art accessible to all. They enjoy showcasing and discussing how they create using various techniques and concepts. Enjoy the experience of interacting with the artists and witness how, why, where, and what they create.

FMVA is a growing organization that provides many opportunities for our regional visual artists, patrons and art audiences. Volunteers run the FMVA—board members, technology support and the members who coordinate and serve on the communications, programming/education, networking and professional practices/membership committees. These generous individuals help FMVA continue to advance in supporting the arts, collaborating with community, and providing artists with a collective voice.

"Thank You" for supporting the arts! We hope you enjoy the weekend mingling on the creative, artistic side of our community. Do us a favor—tell your friends about the Fargo Moorhead Visual Artists and our annual Studio Crawl.

SARAH DOTZENROD FMVA Board President

Welcome! This year at the Studio Crawl I will be featuring work that is about to embark on a multi-state national traveling exhibit. The collection of works was created over the past 6 years during 5 Artist-in-Residencies conducted at national parks, monuments and conservation areas. The new 2019 work was created at Red Rock Canyon in Nevada. The pieces range from miniature to wall-work to large-scale vessels at all price points. As always, the Studio Crawl event features a once a year seconds sale, refreshments and wheel-throwing demonstrations by request! Most people are not familiar with the word encaustic. It's painting with a specific mixture of beeswax and damar resin. My work is a creation in progress. Painting with hot, melted wax and a propane torch. I also make use of oil paints, pan pastels, photography, and found objets. Because the medium is organic, layered, and hard to predict, it requires both patience and spontaneity. But the outcome is a dreamy, ethereal image with texture and appeal unlike any other art form. All are welcome to view and feel the art that I have created.

FMVA MEMBER OF THE YEAR AWARD

Portrait by Patrick A. Tupa

KAREN PERRY-ANDERSON

Congratulations to Karen Perry-Anderson, the Fargo Moorhead Visual Artists member of the year.

Karen became a FMVA member after retiring from full time classroom teaching and relocating to West Fargo in 2013. "I joined FMVA because I wanted to meet other artists in the area, and FMVA did not disappoint. I have met so many talented people."

Karen employs a variety of media in her art to respond to social justice issues. Her ceramic "Attested" series won Best of Show in the 2018 North Dakota Human Rights Art Festival, and she has shown her artwork at the Plains Art Museum, Spirit Room, and FMVA art shows.

She currently teaches art part time at the Youth Educational Services Alternative Learning Program on the MSUM campus in Moorhead, MN, and she continues advocating for arts in communities by building on her past appointment to the board of the North Dakota Council on the Arts where she served for seven years. In addition, Karen has been a board member of the Spirit Room in downtown Fargo since 2015, and is a past FMVA board member.

We appreciate Karen's friendship and her commitment to FMVA's mission!
